

maro, a stunning Pan-Asian-inspired supper club, transcends traditional nightlife by offering an entertainment experience where guests can delight in a unique union of food, drink and dance. Maro's eclectic fare takes guests on a sojourn down the Silk Road; sumptuous dishes, prepared by Asian cooking techniques, nod to the cuisines of Tokyo, Venice, China, New Delhi and the Caspian Sea. Originally an industrial warehouse, Maro unites loft-like architecture with a global-eclectic palette. Thai ceiling panels, French damask wallpaper, neo-Japanese screens and Chinese, black lacquer commingle with sweeping floor-to-ceiling banquettes, rich marble fireplaces and dark ruby columns. Several spacious outdoor patios offer refreshing refuge on warm, summer nights.
