THE BOWERY

The Bowery; A New York inspired haven where guests are encouraged to kick back with a house cocktail before indulging in hearty, locally sourced fare uniquely prepared on an open, charcoal grill. Chef Tawfik Shehata and Chef De Cuisine Jason Maw head up a talented team eager to show Toronto's Taste enthusiasts, exactly what they are capable of.

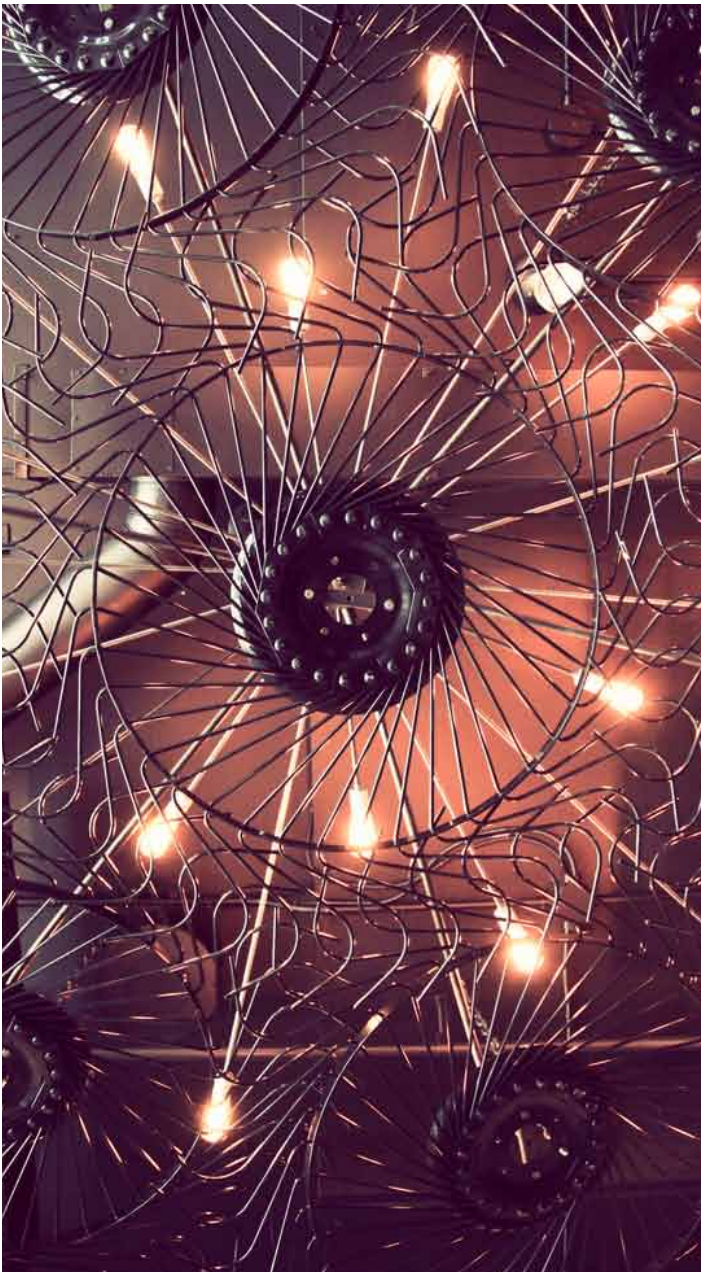

All senses are catered to, as smoky aromas fill the room and a chilled retro soundtrack sets a relaxed scene. Eclectic design features add to the distinctive space, and compliment an intriguing environment. Custom neon art provides a distinctive focal point in the dining room, while commissioned Canadian artwork extends vibrancy throughout.

A nod to inspiration hangs above the dining room in the form of a stunning hayrack chandelier, designed and manufactured in Brooklyn, as well as reclaimed wooden chairs direct from NYC. Vintage silverware, bamboo stir sticks and an in-house water filtration system all add to an already unique character and are proof of The Bowery's environmental awareness and philosophies.

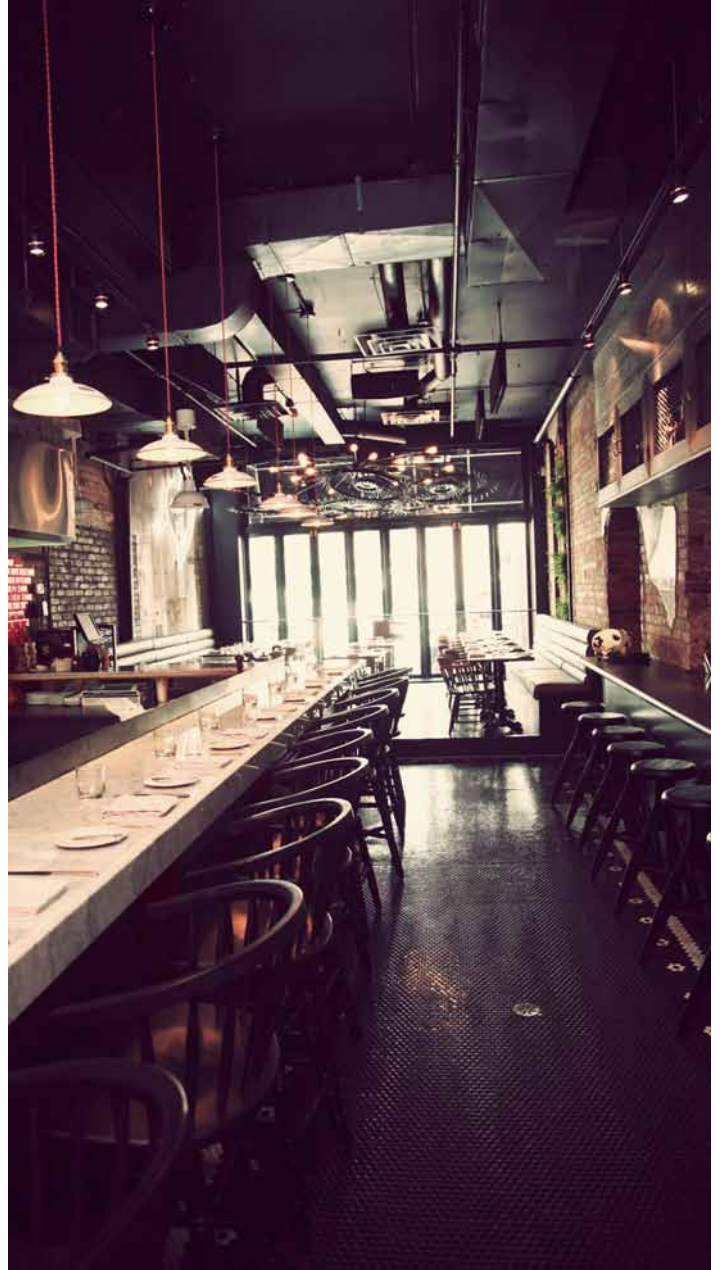

Exposed brick, warm wood and an open-concept kitchen inspire a truly laissez-faire vibe. Accents of fluorescent orange flow throughout the room, embracing the energy of our city and bringing a pop of New York flare.

Make your way down the striking wrought iron staircase and the NYC ambiance continues, fully encompassed in one stunning and achingly cool space, "Bootleg By Bowery". Featuring an intimate stage and plenty of cozy, banquet seating, here is where you'll find the best of Toronto talent, influencers and Taste Makers alike. The design and décor lend a truly bohemian feel encouraging guests to kick-back, relax and soak up the vibe of the room, thus making it the perfect private setting to impress friends and clients alike.

Unpretentious and engaging, The Bowery invites you to sip, savour, and stay a while.
